

Cricket Hall of Fame (First In The World) T 20 World Cup Legends Cricket Tournament

Preamble

Embracing the spirit of the game means participating, either as a player or as an official, fairly and exhibiting respect for other players and officials and the game's traditional values such as graciousness in defeat and humility in victory. The Cricket Hall of Fame, USA T20 Legend World Cup Tournament Code of Behavior is intended to protect and enshrine these important qualities and standards so that all may continue to enjoy the game of cricket now and in the future.

The Spirit Of Cricket

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.

1 . There are two Laws which place responsibility for the team's conduct firmly on the captain.

Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

Player's conduct

In the event of a player failing to comply with instructions by an umpire, or criticizing by word or

action the decision of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

2. Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play. The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

3. The umpires are authorized to intervene in cases of:

- Time wasting.
- Damaging the pitch.
- Dangerous or unfair bowling.
- Tampering with the ball.
- Any other action that they consider to be unfair.

4. The Spirit of the Game involves RESPECT for:

- Your opponents.
- Your own captain.
- The roles of the umpires.
- The game's traditional values.

5. It is against the Spirit of the Game:

- To dispute an umpire's decision by word, action or gesture.
- To direct abusive language towards an opponent or umpire.
- To indulge in cheating or any sharp practice, for instance:
 - (a) to appeal knowing that the batsman is not out.
 - (b) to advance towards an umpire in an aggressive manner when appealing.
 - (c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side.

6. Violence

There is no place for any act of violence on the field of play.

7. Players

- Captains and umpires together set the tone for the conduct of a cricket match.
- Every player is expected to make an important contribution towards this.

CODE OF CONDUCT

Players, captains, managers and officials of all participating teams are expected to maintain the spirit and decorum of the game of Cricket at all times during the tournament.
